Search rate = (searches / stops) X 100.

Contraband hit rate = (searches with contraband found / total searches) X 100.

Arrest rate = (arrests / stops) X 100.

Agency response

Jasper County is located in the SW corner of the State. We have major interstates that run through the county. For example, we have several miles of I-44, and U.S. 71. Also, we have a major university (Missouri Southern State Univ.) in our county and a large shopping mall. Many of the citizens we stop or come into contact with are not from Jasper County, but either work in one of several large businesses or are students at the University. We also have a large city in Jasper County (Joplin) which attracts a lot of travelers from other areas. Joplin's population is only approximately 45,000 but according to the Chamber of Commerce, there are well over 100,000 people in Joplin on a daily basis, who travel through our county to get to Joplin. I would also like you to know we, Jasper County Sheriff's Office, take racial profiling very serious and I constantly watch what my people are doing on a daily basis in Jasper County.
